

Connected, intuitive, efficient, with dual cleaning zones.

GrandLuxe offers generous space and flexible baskets with dual cleaning zones and unique glass holders. Powerful cleaning removes stubborn food residues. Low water and energy use. Adjust settings and get assistance in the app.

Produkteigenschaften

Flexible solution with splitable cutlery basket

Full loading flexibility with cutlery basket that splits in two to fit available space

Handle-free opening with Push2Open door. Seamless integration

With the Push2Open door, there's no visible handle, so the dishwasher seamlessly integrates with your kitchen cabinets. A gentle push on the upper part of the door opens it.

Easily see the remaining cycle time on the floor

The TimeOnFloor light shines the remaining cycle time on the floor, so you can see at a glance when your dishes will be clean and dry.

Just select cycle time. No need to choose between programmes

An easier way to use your dishwasher. QuickSelect Connect display shows how energy use changes, depending on the cycle length. Move the slider to choose time, and see the energy graph change. Loading, program, and maintenance tips in the app.

Flexible holder for oven trays, tall glasses and stemware

4in1 FlexHolder holds, separates and positions wine, champagne or tall glasses for secure, effective cleaning in the lower basket. It also holds oven trays at the right angle for removing baked-on food. Can be removed if extra space is needed.

- Vollintegrierter Geschirrspüler
- Anzahl Programme: 8
- Programme: 120 Minutes, QuickSelect 60min, QuickSelect 90min, Automatik, ECO, Maschinenreinigung, QuickSelect 30min, Vorspülen
