

Efficient cleaning and easy, intuitive operation

Komfort offers generous, height-adjustable loading space. It uses minimal water and energy whilst completely removing stubborn food residues. With the intuitive guidance of smart functions, cleaning your dishes has never been easier.

Produkteigenschaften
Flexible solution with splittable cutlery basket

Full loading flexibility with cutlery basket that splits in two to fit available space

Adjustable basket easily adds room where you need it

QuickLift easily creates more space in the upper or lower basket. Simply grasp the handle on both sides of the upper basket and slightly pull up to raise or lower the basket. Works smoothly even when it's full.

Double-rotating spray disk cleans from all directions

When we say spotless dishes, we actually mean it. With SatelliteClean® Pro's double-rotating spray disk, jets clean from every direction. Tested and verified to remove 100% of tough, baked-on food in only 90 minutes – without using extra water.

Uses fresh air to finish drying

AirDry uses fresh air to finish drying the dishes. This makes the drying performance up to 3x better compared to a closed-door system. The door automatically opens towards the end of the cycle to let in fresh air.

Just select cycle time. No need to choose between programs

An easier way to use your dishwasher. QuickSelect display shows changes in energy use, depending on the cycle length. Just choose how fast you want your dishes to be clean and dry and see energy use change depending on cycle length.

- Vollintegrierter Geschirrspüler
- Anzahl Programme: 8
- Programme: 120 Minutes, QuickSelect 60min, QuickSelect 90min, Automatik, ECO, Maschinenreinigung, QuickSelect 30min, Vorspülen
- Optionen: GlassCare, ZoneClean
- Reinigungsprogramm
- Bedienung: Touch
- LCD-Display, 3Digit + EcoTime-Manager
- LCD-Display, 3Digit
- Endesignal
